After a while Ayo said, "She went down to Firn with some of the young folk. To buy fleece from the shepherds there. A year ago last spring. That wizard they spoke of came there, casting spells. Are all women incapable of understanding? Or is it that the Masters."Tonight," Dragonfly said. "At our spring, under Iria Hill. "I think I've found my little finder," said Gelluk. His voice was deep and soft, like the notes of a viol. "Sleeping in the sunshine, like one whose work has been well done. So you've sent them digging for the Red Mother, have you? Did you know the Red Mother before you came here? Are you a courtier of the King? Here, now, there's no need for ropes and knots." It seemed to Irioth that the man had been..When she was thirteen the old vineyarder and the housekeeper, who were all that was left of the household, told the Master that it was time his daughter had her naming day. They asked should they send for the sorcerer over at Westpool, or would their own village witch do. The Master of Iria fell into a screaming rage. "A village witch? A hex-hag to give Irian's daughter her true name? Or a creeping traitorous sorcerous servant of those upstart landgrabbers who stole Westpool from my grandfather? If that polecat sets foot on my land I'll have the dogs tear out his liver, go tell him that, if you like!" And so on. Old Daisy went back to her kitchen and old Coney went back to his vines, and thirteen-year-old Dragonfly ran out of the house and down the hill to the village, hurling her father's curses at the dogs, who, crazy with excitement at his shouting, barked and bayed and rushed after her..purple, brown, and violet shapes, unlike anything I knew, like abstract sculptures come to

Anieb's understanding was that lamp. Each step revealed the next step he must take, but he could never see the place where he was. He did not know what was coming next, and did not understand what he saw. But he saw it, and went forward, word by word..only place for him was the Great Port, the King's City, and for all he cared the island of Way."Practice," Rose said, rather sourly. "I know." She flicked a pebble at Diamond. It turned into a butterfly in midair. He flicked a butterfly back at her, and the two flitted and flickered a moment before they fell back to earth as pebbles. throughout her whole body. This language is innate to dragons, not to humans, as said above. There are exceptions. A few human beings with a powerful gift of magic, or through the ancient kinship of humans and dragons, know some words of the Old Speech innately. But the very great majority of people must learn the Old Speech. Hardic practitioners of the art magic learn it from their teachers. Sorcerers and witches learn a few words of it; wizards learn many, and some come to speak it almost as fluently as the dragons

"Have you had any ideas of what you want to do?" "hungry," Ember said..that bears garnets. All under this part of the city is that rock. I don't know the names." She left him standing at the waymeet, on the level ground, and walked up the hill path for a little way, a few strides. She turned and looked back down at him. "What keeps you from the hill?" she said..cheated him..Crow ranted, but at the mere thought that the Book of Names might still exist he was ready to set off for the Ninety Isles as soon as Tern liked.."Were there any women there?"..of pulling it off, but it pleased him as a gesture of disrespect to all the piety and pomposity of..three or four buttons. Kargish has diverged most widely in vocabulary and syntax from the Old Speech. Most of its speakers (like most Hardic speakers) do not realise that their languages have a common ancestry. Archipelagan scholars are aware of it, but most Kargs would deny it, since they have confused Hardic with the Old Speech, in which spells are cast, and thus fear and despise all Archipelagan speech as malevolent sorcery..He said, "I lost my way. Have I come to the villager?" His voice was hoarse and harsh, a beggar's voice, but not a beggar's accent..She was silent.."Shall we go?" he said to the cowboy, who set off at once with a wave to Gift and a snort from his little mare. The curer followed. The hinny had a smooth, long-legged walk, and her whiteness shone in the morning light. Gift thought it was like seeing a prince ride oft, like something out of a tale, the mounted figures that walked through bright mist across the vague dun of the winter fields, and faded into the light, and were gone..the straw musty. "Now, what is forbidden to the summoner, or any wizard, is to call a living spirit. We can call to them, yes. We can send to them a voice or a presentment, a seeming, of ourself. But we do not summon them, in spirit or in flesh, to come to us. Only the dead may we summon. Only the shadows. You can see why this must be. To summon a living man is to have entire power over him, body and mind. Roke Island was, they told him, the heart of Earthsea. The first land Segoy raised from the waters in the beginning of time was bright Ea of the northern sea, and the second was Roke. That green hill, Roke Knoll, was founded deeper than all the islands.
