

6 INCLUDING THE PROCEEDINGS OF THE NATURAL HISTORY SOCIETY OF MONT

is it?". Tales from Earthsea/Ursula K. Le Guin.-1st ed. p. cm. Contents: The finder-Darkrose and. The weather was fair for once: a following wind, a blue sky lively with little white clouds, the mild sunlight of late spring. They made good way from Geath. Late in the afternoon he heard the master say to the helmsman, "Keep her south tonight so we don't raise Roke." of rock and earth. It was as if he walked in a great building, seeing its passages and rooms, the tightening as he moved. He could stand, but could not take a step towards the door. He could not. A woman of power, she knew what he was. Had she called him there?. harassing him. Later on she would go into the village, have a word with some of the sensible. "Why would you come to the Marsh?" she asked. She had a right to ask, having taken him in, yet she felt a discomfort in pressing the question. Forms of fiefdom, vassalage, and slavery have existed at times in some areas, but not under the rule of the Havnorian Kings. "Your name is beautiful, Irioth," she said after a while. "I never knew my husband's true name. ranges, the murrain's very bad. Maybe the cold weather'll put an end to it." "But I will come, master!" he said. And then after a pause, "How soon?" And after a longer pause, severed from the rest of the body, hanging above the paper card with a none-too-intelligent. tower were naked or wore only breechclout and moccasins. Otter glanced again at the slave, and waft them over the sea in a magic boat flying before the magewind. But when he told her they'd. buttonless jacket. Her mother, Tangle, made a good living by curing and healing, bone-knitting and. think I ought to?" he asked at last. "To reach out the Hand to Enlad and Ea. I've never gone there. We know nothing about their. She said nothing. Labby, glancing at her, set his woodhorn to his lips. The drummer struck a triple beat on his tabor, and they were off into a sailor's jig. "Ah," San said, coming to the door, and hemmed a bit. "No need, Master Otak. This here is Master Sunbright, come up to deal with the murrain. He's cured beasts for me before, the hoof rot and all. Being as how you have all one man can do with Alder's beeves, you see..." "Ard. My teacher." Heleth looked up, his face unreadable, its expression possibly sly. "You didn't know that? No, I suppose I never mentioned it. But it doesn't make much difference, after all. Since we none of us have any sex, us wizards, do we? What matters is whose house we live in. It seems we may have left out a good deal worth knowing. This kind of thing-There! There again-". The wind had come up again. They were both shivering, their teeth chattering. They stood face to. But when they came out into the daylight again his head kept on spinning in the dark, and after a. It was hard for him to lie. He thought he was awkward at it because he had no practice. Hound knew. better hire on while he'll take you." asked about boat-building, and he told her and showed her what he could. It was a peaceful. "To bring Lebannen here," said the Herbal. "The young men talk of "the true crown". A second coronation, here. By the Archmage Thorion." Roke, itself the center of the Old Powers in all Earthsea, the profoundest manifestations of those. He told Birch that he had received a sending from his teacher on Roke, the Master Hand, and must go at once, on what business he could not say, of course, but it should not take long once he was there; a half-month to go, another to return; he would be back well before the Fallows at the latest. He must ask Master Birch to provide him an advance on his salary to pay for ship-passage and lodging, for a wizard of Roke should not take advantage of people's willingness to give him whatever he needed, but pay his way like an ordinary man. As Birch agreed with this, he had to give Ivory a purse for his journey. It was the first real money he had had in his pocket for years: ten ivory counters carved with the Otter of Shelieth on one side and the Rune of Peace on the other in honour of King Lebannen. "Hello, little namesakes," he told them when he was alone with them. "You and the cheese money will get along nicely." if I'd left something unfinished. But it is your name. If it betrays you, then that's the truth of truths, immutable simplicities. MAHARION AND ERRETH-AKBE. back to see the light shine through the thousand leaves of the tree carved in the high door in its. Among all beings ever returning. "I am not a witch," she said. Her voice sounded high, metallic, after the men's deep voices. "I. full of shame and rage and vengefulness." "Well, I," said Diamond, and stuck. the wizards. Though they speak the True Speech, they are endlessly devious. Some of them clearly. wizards, advisers to the kings. Hardic rune with a light stroke through it, to cancel out the sorcery that lurks in it. distrust of him. She was easy with him. He meant no harm to her. She thought there was kindness in. Otter had seen, with bluish eyes. Grey and black hairs curled here and there on his chin and. When in 730 the first Archmage of Roke, Halkel of Way, excluded women from the school, among his Nine Masters only the Patterner and the Doorkeeper protested; they were overruled. For more than three centuries, no woman taught or studied at the school on Roke. During those centuries, wizardry was an honored art, conferring status and power, while witchery was an unclean and ignorant superstition, practiced by women, paid for by peasants. little to lose. The wise man and wise woman, trusted and held in reverence, gave way to the stock. The way one does research into nonexistent history is to tell the story and find out what. north. The old man waded through the stream barefoot, holding his shoes in one hand and his tall. That was where Hound found him, miles away from the valley, west of Samory, on the edge of the great forest of Faliern. unbutton it, did not slip it off, just tore it, and let the shreds fall from her fingers, like trash. Ivory clapped his hand to his right leg. A dog's tooth had ripped his breeches at the calf, and a trickle of blood came through. "Here he is," said Azver, and the Doorkeeper was there, his smooth, yellowish-brown face tranquil as ever. your horse up and see to him. There's the pump, there's plenty of hay. Come on in the house after. expanse that had puzzled me so in the place where I met Nais. Where Gelluk was, of course, was no mystery. Hound had tracked him straight to a scar in a. from my grandfather? If that polecat sets foot on my land I'll have the dogs tear out his liver. The boy shook his head at each question. He shut his eyes; his mouth was already shut. He stood there, intensely gathered, suffering: drew breath: looked straight into the wizard's eyes. "OK. And then you'll tell me. . . ?". inconceivable. "I'll be all right," she said. "So the Namer, and you - and the Doorkeeper?". In the confusion of Otter's mind, he was only dimly aware that they were going

now towards the entrance of the mine. They went underground. The passages of the mine were a dark maze like the wizard's words. Otter stumbled on, trying to understand. He saw the slave in the tower, the woman who had looked at him. He saw her eyes..direction. An unexpected emptiness, raspberry panels with glittering stars, rows of doors. The..from Hur-at-Hur. A Sky Father was added as head of the pantheon, and a priestly caste developed to..someone was coming along the path from the Great House.. "Yes. When there are. . . two of you."..him always from the left and the early sunlight on the sea out past the vast shadow of the..her cheeks. Her face hardly changed..women. Wizard knows wizard, and Medra knew they were women of power..differentiation ("division of labor") than in the Archipelago..know that on the word of the king himself. Even here, the harpers came to sing that song, and a..and looked very much a man, though a very young one..The girl motioned them to come in. Crow chose to wait outside. The room was high and long, with traces of former elegance, but very old and very poor. Healers' paraphernalia and drying herbs were everywhere, though ranged in some order. Near the fine stone fireplace, where a tiny wisp of sweet herbs burned, was a bedstead. The woman in it was so wasted that in the dim light she seemed nothing but bone and shadow. As Tern came close she tried to sit up and to speak. Her daughter raised her head on the pillow, and when Tern was very near he could hear her: "Wizard," she said. "Not by chance."..She had planted a young rowan from the Grove beside the fountain. They came to be sure it was..horses, inhabited only by nesting swallows that swooped about over the roofs calling their quick..tempered, having learned the uselessness of impatience in the work that must be done. Sometimes..for he could not make the werelight shine in that room. The day came unspeakably welcome, even. "How clever you are," he said. "Have you found better ore than that patch you found first? Worth." "I have to have a single heart. I can't play the harp while I'm bargaining with a mule-breeder. I..willow, green in spring and bare in winter; there were dark firs, and cedar, and a tall evergreen..He looked up into the darkness. After a while he moved his good hand a little, and the faint light flowed out of it..Otter stood motionless, effaced, as Anieb had stood in the room in the tower..The donkey leaned its head hard against his hand so that he would go on scratching the place just above its eyes and below its ears. When he did so, it flicked its long right ear. So when he parted from the donkey he took the right hand of the crossroad, though it looked as if it would lead back to the hill; and soon enough he came among houses, and then onto a street that brought him down at last into the town at the head of the bay..But put it away, sir! It makes me dizzy to look at it. -Berry," she said, as a nobbly, dried-up. "Shall we go?" he said to the cowboy, who set off at once with a wave to Gift and a snort from his little mare. The curer followed. The hinny had a smooth, long-legged walk, and her whiteness shone in the morning light. Gift thought it was like seeing a prince ride oft, like something out of a tale, the mounted figures that walked through bright mist across the vague dun of the winter fields, and faded into the light, and were gone..and from a metal-framed slot, as from a mailbox, slipped a piece of shiny paper folded in two. I..Gelluk's white face had gone whiter; his jaw trembled a little. He stood up, suddenly, as he always did. "Take me there," he said, trying to control himself, but so violently compelling Otter to get up and walk that the young man lurched to his feet and stumbled several steps, almost falling. Then he walked forward, stiff and awkward, trying not to resist the coercive, passionate will that hurried his steps..great forest of Faliern..cowboys along. They made a camp of sorts, with a groundcloth and a half tent. There was nothing to..And, just as in the now of the so-called real world, I didn't know what would happen next. I could..said, from the low-grade ores they were roasting now..like the cornerstone of an earlier, forgotten house down in the cellar of a mansion full of lights..submitted to her absolutely. When she said, "Move your foot!" the mare moved her foot. The woman..he knew all too well how Roke was guarded. He knew neither he nor the weatherworker could do..then, he will spring forth, shining!.take to their boats; then, the poem says, "She took her small harp in her hands," and in the hour. "I wanted to ask you to go away with me," he said..She tried to smile.. "What do you want to learn?" asked the taller woman in her mild voice..When she finished in the dairy and went to the house, the new fellow, Hawk, was squatting on the..creatures of the Grove. As he had said, he did not try to teach her. When she asked about the..pursuing him across the winter sea, "riding the west wind, the rain wind, the heavy cloud." Each..it cleared away..No, not for her. We can do nothing for the dead. But for..". "Oh I see," Rose said after a moment. "But I don't see why you ran away."..And Dulse was standing on his own doorstep, three eggs in his hand and the rain running cold down..moving in the opposite direction, took it back down. This turned out to be the wrong level, it was..kind of trance, and having done them, sat down in the grass with her back against the house wall,,to Lowbough!" His voice shook a little now, a vibrato, and his eyes were not sad, but angry..Small islands and villages are generally governed by a more or less democratic council or Parley, headed, or represented in dealings with other groups, by an elected Isleman or Islewoman, In the Reaches there is often no government other than the Isle Parley and the Town Parleys. In the Inner Lands, a governing caste was established early, and most of the great islands and cities are ruled at least nominally by hereditary lords and ladies, while the Archipelago entire was governed for centuries by kings. Towns and cities are, however, frequently almost entirely self-governed by their Parley and merchant and trade guilds..They set off along the wharves, asking for a ship bound south that might take a wizard and his. "Then to me you are Silence," the wizard said. "You can sleep in the nook under the west window. There's an old pallet in the woodhouse. Air it. Don't bring mice in with it." And he stalked off towards the Overfell, angry with the boy for coming and with himself for giving in; but it was not anger that made his heart pound. Striding along..he could stride, then..with the seawind pushing at him always from the left and the early sunlight on the sea out past the vast shadow of the mountain, he thought of the Mages of Roke, the masters of the art magic, the professors of mystery and power. "He was too much for 'em, was he? And he'll be too much for me," he thought, and smiled. He was a peaceful man, but he did not mind a bit of danger.. "Times I could shake his fool head off," she said, and went back to her work.. "Silence is not enough, my lord," said one who had not spoken before. To Irian's eyes he was very..was a behavior pattern

characteristic of a stalwart such as myself, assigned an appropriate serial. Once, when they had gone a long way and the trees, dark evergreens she did not know, stood very.... shut him as usual into the brick-walled room, giving him a loaf of bread, an onion, a jug of thought could not hold it. His knowledge could not use it. His tongue could not say it..too much. The counterarguments that I heard from him and from Abs were unconvincing -- I."Stop," I grumbled. "Any more apologizing and I'll really feel all that time." But as he went back up the streets of South Port he lost her. He swore to keep her with him, to think of her, to think of her that night, but she faded away. By the time he opened the door of Master Hemlock's house he was reciting lists of names, or wondering what would be for dinner, for he was hungry most of the time. Not till he could take an hour and run back down to the docks could he think of her..the most vivid conviction of the original kinship of human and dragon kind. And with these tales."We have to finish the work here," he told her, and she looked at him mildly. All animals were patient, but the patience of the horse kind was wonderful, being freely given. Dogs were loyal, but there was more of obedience in it. Dogs were hierarchs, dividing the world into lords and commoners. Horses were all lords. They agreed to collude. He remembered walking among the great, plumed feet of cart horses, fearless. The comfort of their breath on his head. A long time ago. He went to the pretty hinny and talked to her, calling her his dear, comforting her so that she would not be lonely..Silence asked about keeping goats; and each time the memory gave him a quiet satisfaction, like."Whatever for?".hundreds of boats carried people fleeing from Paln and Semel to the Inner Islands; but the dragons."We knew there was a great gift in her," Ayo said, and then fell silent for a while. "We didn't."Oh, they'll come for the glory," said the harper, a lean, long-jawed, wall-eyed fellow of forty. "Maybe you'll have a go with us yourself, then? You had a hand for it, before you took to making money. And the voice not bad, if you'd worked on it."After this struggle, the line of the Kargish kings continued in Hupun, nominally honored but..him, gaining him a place to stand, a foothold. Even with Gelluk so close to him, fearfully close..would have the boy call him Father. He recalled that he had intended to find out his true name..over Otter and to the tower, and then back. His face was large and long, whiter than any face.as though mercury had flowed over him and solidified, puffed-out (or perhaps foamy) on the
