There must have been a number of people in the park: I heard whispers, Yet as Dory spoke he saw what the girl saw: a long hill going down into darkness, and across it, energy and hope. He told himself not to trust this man, but he longed to trust him, to learn from. "Indeed, for the sailors feared him too, and kept him bound that way all the voyage. The other had jumped from the ship, crossing Havnor Bay, and been killed by a crossbow quarrel. The boy they brought was in such a paroxysm of terror that even Early was disgusted by him. How could he frighten a creature already blind and beshatten with fear? He set a binding spell on the boy that held him upright and immobile as a stone statue, and left him so for a night and a day. Now and then he talked to the statue, telling it that it was a clever lad and might make a good prentice, here in the palace. But she wanted to come, and came, and I let a rope ladder out the window, and she climbed it. And we were at it when the old men came in! I showed 'em! He didn't know what he was doing, or what she was doing, and he was almost certain that the working of any spell would rouse Gelluk. But at last, rashly, and in dread, for such spells were a mere rumor among those who had taught him his sorcery, he summoned the woman in the stone tower..After spending the next several days trying to recapture the missing word, he had set Silence to studying the Acastan Spells. Together they had finally worked it out, a long toil. "Like ploughing with a blind ox," Dulse said..They sat unspeaking. The crisis passed. Heleth relaxed a little and even smiled. The excited turmoil of his mind all the time he had been with Gelluk slowly quieted. From it something rose, coming close, coming clear, the image he had seen down in the mine, shadowy yet distinct: the slave in the high vault of the tower, that woman with empty breasts and festered eyes, who spat the spittle that ran from her poisoned mouth, and wiped her mouth, and stood waiting to die. But for some decades the kings of Hupun had been in conflict with the high priest and his followers in Awabath, the Holy City, fifty miles from Hupun. The priests of the Twin Gods were in the process of wresting power from the kings and making Awabath not only the religious but the political center of the country. Erreth-Akbe's visit seems to have coincided with the final shift of power from the kings to the priests. King Thoreg received him with honor, but Intathin the High Priest fought with him, defeated or deceived him, and for a time imprisoned him. She had no wish to explore for herself. The peacefulness of the place called for stillness, watching, listening; and she knew how tricky the paths were, and that the Grove was, as the Patterner put it, "bigger inside than outside". She sat down in a patch of sun-dappled shade and watched the shadows of the leaves play across the ground. The oakmast was deep; though she had never seen wild swine in the wood, she saw their tracks here. For a moment she caught the scent of a fox. Her thoughts moved as quietly and easily as the breeze moved in the warm light.. in great respect, although he was only a finder. The sister had vanished, perhaps gone with Otter.- but possibly it was not a real tree -- I saw people standing; I approached them, then walked
