"We can't say how long they've been prepared for a visit from us. Maybe only this cycle; maybe twenty cycles ago. You can make a living by being a poet?" The Detweiler Soy. not see them anymore. Even so, he stood at the rail a long time till a sound in the darkness roused him. She considered the accusation. "I wouldn't choose her for a friend. I think she's insipid and gutless. She could have sent Teddy on his way with a few polite words instead of making an incident of it. Still, I think I pity rather than dislike her. Don't I let myself get sucked into looking after her like everyone else? That sweet, yielding, dependency is no more than what her father trained into her. It's the Senator I dislike." She snorted. "Imagine a contemporary man with a nineteenth-century taste in women. No wonder my mother left him." She began dancing again. before her eyes. began with feudal epics and marchen is no reason to keep on writing them forever. And daydreams. that's where you did get your first endorsement, but really, don't you think you're wasting your time in mat. "Maurice didn't seem to mind." He sniffed and lit another cigarette. "When did Detweiler leave?" The day before, Monday, the 25th, a girl had miscarried and hemorrhaged. She had bled to death. I know it's painful to be told that something in which one has invested intense emotion is not only bad art but bad for you, not only bad for you but ridiculous. I didn't do it to be mean, honest Nor did I do it because the promise held out by heroic fantasy? the promise of escape into a wonderful Other world? is one I find temperamentally unappealing. On the contrary. It's because I understand the intensity of the demand so well (having spent my twenties reading Eddison and Tolkien; I even adapted The Hobbit for the stage) that I also understand the absolute impossibility of ever fulfilling that demand. The current popularity of heroic fantasy scares me; I believe it to be a symptom of political and cultural reaction due to economic depression. So does Robin Scon Wilson (who electrified a Modern Language Association seminar by calling Dune a fascist book), and Michael Moorcock (see his jacket copy for Norman Spin-rad's The Iron Dream, a novel which vehemently denounces the genre in the same terms Wilson does), and the writers of Bored of the Rings, the Lampon parody, from which came "Arrowroot, son of Arrowshirt". sense of humor sometimes. Tharsis Base sat on a wide ledge about halfway up from the uneven bottom of the Tharsis arm of the Great Rift Valley. The site had been chosen because it was a smooth area, allowing easy access up a gentle slope to the flat plains of the Tharsis Plateau, while at the same time only a kilometer from the valley floor. No one could agree which area was most worthy of study: plains or canyon. So this site had been chosen as a compromise. What it meant was that the exploring parties had to either climb up or go down, because there wasn't a damn thing worth seeing near the camp. Even the exposed layering and its areological records could not be seen without a half-kilometer crawler ride up to the point where Crawford had climbed to watch the sunrise. He didn't struggle. He just stood there, his eyes vacant, trembling. I saw people sticking their heads out of doors and Johnny Peacock coming toward me. My car was right there. I pushed Detweiler into it and drove away. He sat hunched in the seat, his hands hanging limply, staring into space. He was trembling uncontrollably and his teeth chattered. (He peeked into Barry's file.) ". . . Barry?". IX. Hinda could see two slashes in the hide, one on each side, under the heart. The slash on the left was 45. "Alas," said Amos, "he was blown away in the wind." He climbed up the ladder and handed the grey. Tonight's crowd strains even the capacity of the Rocky Mountain Central Arena. My guide, an illustrious professor, halted the machine. "Today the sustenance that our industries crave is not oil, but minerals. Fifty years from now our understanding of controlled-fusion processes will probably have eliminated that source of shortages too, but in the meantime shorter sighted political considerations are recreating the climate of tension and

Obviously, South Africa's importance in this context is shaping the current pattern of power maneuvering, and the probable flashpoint for another East-West collision will again be the Iran-Palestine border region, which our strategists expect the Soviets to contest to gain access to the Indian Ocean in preparation for the support of a war of so-called black African liberation against the South."Pramatica by Samuel R.
